

A lesson in access control and CCTV integration

Churches and the schools that sometimes are an extension of them, present a unique set of challenges.

These buildings by nature are community gathering spots where members and visitors are welcomed and encouraged to visit.

But, because of these same open door policies, intruders find it easy to gain entry as well. Vidcom Solutions can show you how to maintain a welcoming atmosphere while restricting access when it becomes necessary.

VidCom Solutions
Michigan's Security Specialists since 1996

Our Lady of the Lakes Church and School Waterford, Michigan

OLL is the only Pre-K-12 private school in Oakland County that has all of its buildings on one campus.

Vidcom Solutions provided an integrated access control and CCTV solution economically covering 5 school buildings and 4 separate worship buildings.
